

Living Your Dream

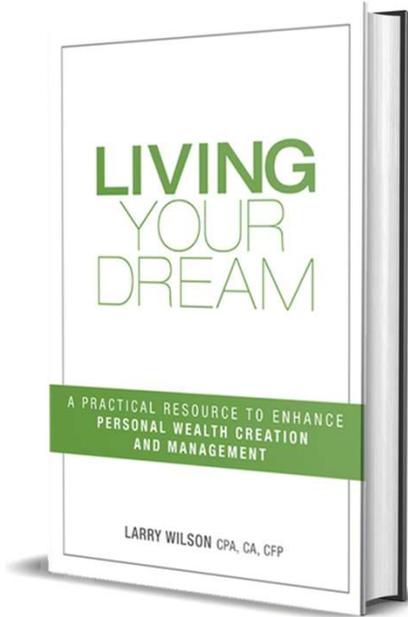

A Practical Resource To Enhance
Personal Wealth Creation And Management

About the Book

Each of us has our own personal vision of what we want to achieve and experience over the course of our life. The challenge is managing our time and resources in a manner that allows that vision to be achieved.

Living Your Dream is designed to help adult Canadians, baby boomers through Gen Z, achieve their objectives via effective financial planning and management. Living Your Dream works through the financial challenges that we all face at various points in our lives and helps the reader to understand the main programs and structures to be used, and obstacles that need to be managed.

Through proper planning and diligent execution, living/funding an exceptional life is within the grasp of most of us ... but, it won't just magically happen.

About the Author

Larry Wilson is an accredited accountant (CPA, CA), and financial planner (CFP, CIM, DMS). Following in the footsteps of David Chilton, Larry won the award for the highest mark in the country on the Canadian Securities Course (1999). He also holds undergraduate degrees in both Commerce (with distinction) and Agricultural Economics.

Larry's sense of humour and his commitment to making financial concepts understandable contribute to a writing style that is not commonly found in the world of personal finance. And he is living proof that the methods discussed work—he and his wife have already accomplished many of their personal goals and have achieved financial independence well before the usual retirement age.

Larry lives in Winnipeg, MB, with his wife (Kim), two children (Kaylee and Dan), and two pets (Chester and Bun ... yes, Bun is a rabbit).
